

Dear students 4th and 5th grade students,

You will be practicing some lessons on IXL to review some of the Spanish concepts you should already know. You can practice these skills in any order you wish. For the new students that just enrolled this year, try your best and do what you can.

Be safe and see you soon!

If you have any questions, please contact me via e-mail m.oregel@yubacitycharter.com.
