

4th Grade Students & Families:

I have given most of you review packets so that you can continue to work on skills you already know over the next few weeks. Do as much as you can and please turn those in when we return.

You should still be reading every week night for at least 15 minutes. Please continue to practice your flashcards (I can always mail more) and write in your journal 2x a week.

If you run into questions as you work please feel free to email me r.webb@yubacitycharter.com or message me on the app “Talking Points” in English or in Spanish (**Our class code: D2M1ZR**).

Additionally, for those students with internet access I would like to continue our learning by using our new **class website**. It is under construction this week, but I am hoping by Monday morning it will be ready to use! I will send you a message when it is ready. **Students will have lessons every Monday, practice activities online, and assessments every Friday.** I will post a calendar of all due dates. The website will also include **Music homework, Spanish homework, P.E. activities,** & other fun educational resources. Teaching through the internet will be new for me so please let me know if you have any questions or concerns along the way!
