

LAW CLASS LESSON PLAN

MR. WANDER, 6TH PERIOD

During the time away from the class room your assignment is to:

- 1) To research news articles and current events online every day during our normal class time
- 2) Keep a daily journal about the information you researched.

I want a minimum of one page per day. Remember you are to research from multiple sources, never rely on just one source of information. And don't forget this is a critical thinking class so don't be afraid to state your opinion. Please take it seriously and put in time when you normally be here. When you get to spring break, then you can take your break.
