

To: All YCCS 9th, 10th, 11th, 12th Grade Social Science Students

A Note From Ms. Cole:

Social Science Students,

The circumstances that hundreds of nations currently face, are uncharted territory for all of us. First, keep yourself and your family healthy! The entire world must work together to limit further tragedy and chaos in our communities. Please heed the advice of local health officials and continue to watch the news in order to keep yourself properly updated. I'd like for you all to download an app called **News Break** and do your best to stay informed. It looks like this: .

Throughout the next four weeks, look for correspondence from me via email, phone call, or text message. For general information, please check our school website often. Your teachers will continue to work daily to provide opportunities for you to learn, and ideally, you will take advantage of them. Please recognize that for the next month, or so, what's important is less about your grades than it is your learning and academic progress. For my classes (Opportunity, AP US History, Psychology, AP Economics, World History, and State Requirements(keyboarding)), your assignments and expectations will be communicated to you via an app called **GroupMe**. **It is imperative that you download that app and contact me as soon as possible with your cell phone number and personal email address.** The app looks like this: .

I will post assignments and you will turn in assignments, via our class' GroupMe thread, which will be a 'chat' that I create. Although I will have your information, other students will not. In addition, **please come to the school, Wednesday, March 18 - Friday March 20 between 8am & 12pm, to pick up your textbooks and assignment packets I've created for you.** Please contact me if you are unable to come to the school during these times to get your assignments.

I look forward to hearing from you. We are in this together!!

My email: t.cole@yubacitycharter.com

My phone #: 530-682-2571 (please call/text me ASAP so I can add you to contacts)
