Throughout the year we have been learning all about how to describe people and ourselves. We learned many adjectives to describe ourselves, as well as how to say what we like/don't like. For this project, you are going to make un álbum de fotos (photo album) of yourself, your family, your friends, your pets, or things you like to do for fun, etc. This project can be done in either GOOGLE SLIDES, POWERPOINT, or an actual PHYSICAL ALBUM that you can send me a picture of.
