

REVISED as of April 15<sup>th</sup>: Expectations from Kindergarten Students & Parents

## **DAILY /MORNING WORK:**

On the **Computer**:

- **IXL**: Math & Language Arts (Work on at least 15 min daily)
- **EPIC**: Reading and listening to stories (Work on at least 10 min daily)
- **Scholastic learn at home** (Start on Week 1/Day 1 and continue daily) (Should take about 10 min)

From the **class folder**:

- learn/review/write sight words (at least 5 min daily)
- review/write letters sounds(at least 5 min daily)
- learn/review/write/count numbers (at least 5 min daily)

Create a **journal**:

- Write 1-2 sentences every day. You can write about a book you read or listened to, write about what you did for the day, just be creative. Be sure to check your sentence for a capital letter, spaces in between words, correct spelling of sight words, sound out unknown words and end with punctuation (. ! ?) Don't forget to add a picture once you are done writing. (This should take about 10 minutes)

**Everything listed above adds up to 1 hour of work per day. If you choose for your child to work longer on a certain area or per day, that is up to you. However, what is listed above is what I expect your child to work on daily**

*\*\*Please continue to work on what your student is struggling with – I sent their assessment a few weeks back.*

## **ONCE A WEEK:**

- *Mrs. W's You tube channel: listen to stories read by Mrs. W (called Mrs. W's Kindergarten) (Access once a week-there will be 1-3 stories)*
- *ZOOM meetings: I will try to have a meeting once a week most likely on Fridays. It's just for the class and I to say Hi. (It was great to see everyone last week so I would like to continue with it.)*

## AFTERNOON FUN:

I will also be sending other activities for your child. I have found some worksheets if you have access to a printer. I have also found some fun videos on YouTube that get your child moving or songs to learn to. I will also be sending ideas for science experiments and art ideas. Please remember to give your child breaks and do not forget the fun stuff! Play board games/games, go outside to play, bake/cook together. Make everything a learning experience!

## DIRECTIONS:

*IXL:* (type) **ixl/signin/yuba**

*Example login:* **qzoo1**

*Example password:* **qz**

(On ixl, it automatically records your child's progress where I can see it.) **(need to contact teacher to receive login)**

*EPIC:* (type) epic books

click student (it will say student and teacher)

type in code: **(need to contact teacher to receive the code)**

once you are there, I have assigned books for reading or listening to, in addition, your child may read/listen to other stories. There are videos but please do not only watch the videos. (On EPIC, it automatically records your child's progress where I can see it.)

*SCHOLASTIC:* (type) learn at home scholastic (click on) Learn at home-scholastic magazines (click on) PreK and Kindergarten (click on) Week 1/day 1 and continue daily going to a new day. (This site does not keep record so please let me know what week and day your child is on)

*FOLDER WORK/JOURNAL:* Please send pictures or email of what your child has been working on. I need to keep record.

*ZOOM:* you can go to the website or download the app. You will just need to type the meeting id then type the password id once I send it to you. It will be a new ID for every new meeting. It is really simple.

## **Submitted work will now be due on Fridays.**

The following is what should be submitted via Remind app, email or text (take a photo, scan/email)

1. Scholastic – the week/day & topic (*Ex: Just state Joe worked on Week 2/Day 6 Animals*)
2. Summary of folder work (*Ex: Joe worked on letter R, G, Z and sight words: they, want, ....*)
3. Journal entry (Take a photo or scan & email)
4. Extra work (from workbooks, parent created, other websites- screenshot, email/text names of websites)
5. State what did for science experiments or have your child draw a picture/write a sentence about the experiment
6. Photo of art projects
7. If did movement from YouTube video or other, just state the YouTube video.
8. I will access IXL and Epic weekly to see who has been on & working so you do not need to do anything for these two things.
