2024-2025 School Accountability Report Card (Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

2025-26 School Description and Mission Statement

About Our School

Yuba City Charter School serves a diverse TK-12 student body. 85.2% of students attending YCCS are socioeconomically disadvantaged. YCCS provides these students with a highly academic well-rounded educational experience that includes A-G classes, State adopted Core Curricula, AP classes, CTE classes and Career Pathways, music, foreign language, and academic electives. Currently the school has a CSF chapter, FFA chapter, ASB leadership, five AP classes, nine career pathways. YCCS has a full-time guidance counselor who, along with a selected group of staff members including a Dean, psychologist, speech therapist and occupational therapist comprise a comprehensive Student Success Team. YCCS has a fully stocked CTE science and chemistry laboratory. The school also has a CTE black box performing arts theater for range of

drama, stagecraft and music classes. The school has a new CTE Ag Mechanics Laboratory with woodworking and welding equipment. The school also has a new Culinary Arts facility with industrial equipment including seven stations with Commercial ranges. The school is fully accredited by the Western Association of Schools and Colleges (WASC). One of the main and most important goals of the school is to maintain a highly individualized program focusing on each student as an individual ensuring that the needs of each student are met. YCCS plans to continue a comprehensive plan for continued school improvement and growth. The school is committed to maintaining small class sizes while providing the best education and environment possible for each and every student who attends YCCS. Our dedicated team of teachers, administrators, and staff are committed to ensuring the safety, well-being, and success of every student.

Yuba City Charter School serves the community of Yuba City in Sutter County and is located approximately 40 miles north of Sacramento. It is a pleasant residential community, which is the trading and service center for the surrounding agricultural area that has a growing city population of over 65,000. Yuba City Charter School was organized on December 17, 1999, within the Yuba City Unified School District. The school provides a program for TK-12 students. The primary mode is student centered direct instruction with a limited independent study program. YCCS continues to experience an increase in student opportunities due to student focused leadership, philosophy, instructional practice and curriculum.

The school provides a standards-based curriculum that encompasses the skills identified in the California Common Core Standards. In 2012-2013, the school relocated to a new 21,000 square foot site. The new school site was clean and provided permanent buildings that housed the elementary and high school students. Additional facilities included a multi-purpose/food service room, a supply room, in-class libraries for each grade level, special education offices and classrooms, a speech therapy meeting room, an independent study office, and 6 restrooms. A playing field and large blacktop area are used for PE classes, basketball, soccer, and children's playground. A new state of the art playground was constructed for healthy play in the spring of 2013. In the spring of 2022 new 80-inch interactive touch boards with embedded computers were installed in every classroom and staff training took place in the late spring of that year. Lunches as required by Federal Lunch Program are purchased from Yuba City Unified School District and are delivered daily. As of 2016, YCCS offers a full complement of A-G approved classes. Students in grade seven and above have access to a chartered FFA program. YCCS has an established CTE program that continues to add pathways. There are currently 9 career pathways in the areas of agriculture, performing arts, and culinary arts. A Vice Principal supports teacher professional development and implementation of curriculum. A new Dean of Student Services assists in the Student Success Team to make sure that all students have access to the curriculum and the opportunity to be successful. A full-time counselor supports student growth and students transitioning to four-year college programs. Currently all core high school classes meet the UC's A-G requirements. YCCS offers five AP courses. Chromebooks are available in every classroom and each student has a separate Chromebook that is kept at home to complete assignments.

YCCS is an independent, not-for-profit corporation that has a governance structure which includes all stakeholders which support the school's mission and vision. The school goals are anchored in a philosophy of education and a set of guiding principles. The school's vision includes the following fundamentals: An individualized education program organized for every student's success; A rich and challenging curriculum; Teaching methods that motivate and prepare students for graduation and future success.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements

The facility is in good repair. Carpets are clean and with very little wear. All windows are intact and security and fire alarms and burglar alarms are working and both systems have been upgraded, tested, and inspected. The schoolwide video surveillance system, installed in 2015-16 and upgraded in 2021-22, is in good working order. Eighty inch interactive touchscreen monitors with embedded computers are installed in every classroom. Staff have been trained in using these interactive boards to help with engaging students in lessons. The dining facility has been inspected and passed health department standards. The entire facility is inspected annually by the Fire Marshal and has also passed inspection. All student furniture is in good repair and safe for student use. The entire school was painted as of August 2015. Landscape is clean and well kept. New grass was installed in the quad during the summer of 2024. New grass was installed in the elementary playground and improved drainage was installed in the summer of 2025. Yuba City Charter School is a safe and well maintained facility suitable and favorable to student learning. In 2015-16 the back fence was replaced to the end of the property to allow YCCS full access to the adjoining parcel. Access to this property has allowed us to construct a new CTE shop facility and Culinary Arts facility that opened in August of 2023. Air conditioning and ventilation systems were added to these facilities in the summer of 2025. The school is in the planning phase for a new track and field area in the adjoining parcel. A new chemistry lab was completed for the opening of 18-19. A performing arts building has been completed on the main campus. There is some siding damage from weather and age that needs attention. Some of the damaged siding on the buildings have been repaired with plans to replace the siding in the future. Using Prop 39 resources, several HVAC systems were replaced, all thermostats were replaced, and all lighting schoolwide was replaced with LED lights. In 2020-21, a new outdoor dining facility was created to help protect students from indoor COVID exposure while also sheltering them from the elements and maintaining social distancing.

Corrective Actions Taken or Planned

Plans are underway to replace or repair damaged siding and the carpets in the 2nd and 5th grade classrooms were replaced in the summer of 2025.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Grade 7	96	96	97	97	97
Grade 9	96	96	96	96	96

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

Corporate Board Bylaw requires that three of the five school board members must be parents of currently attending students. Parent Advisory Committee (PAC) is in place and efforts continue to grow the PAC and expand parent involvement. The ELAC and DELAC are composed of parents and staff providing oversight of the EL program and Title I funds. The ELAC, DELAC and PAC meet monthly in coordination with the monthly meeting of the Board and the ELAC/DELAC meets separately four times a year to review program and curriculum, review data, and receive detailed information about testing and reclassification.. Parents are encouraged to visit classrooms and attend all activities. Open House, Back to School Night, Math Night, ELA Night and new in 2025 Social Studies Night are well attended and continue to be a social point of contact for most of the YCCS community. Parents are also invited to attend plays for the elementary afterschool drama program quarterly and high school plays that take place each semester. In 18-19 and previous years, parents had access to student grades and teacher gradebook entries through parent-portal as part of the AERIES student information system. Currently, parents may access students grades and work completion as well as communicate with teachers through the Google Classroom which is used in all classes. Parents are included in multiple meetings throughout the year to contribute to development of the LCAP. Parents are also invited to attend flag ceremonies and student award assemblies. In 2020, due to rising numbers of EL students, YCCS recruited parents and staff to form an ELAC and DELAC to represent and support the EL population at YCCS. Parents seeking opportunities for school involvement may call 530-822-9667 or visit the main office at 256 Wilbur Ave. Yuba City

2025-26 School Safety Plan

The School Safety plan was updated in August of 2025. The Instructional Continuity Plan was approved in May of 2025. The plan included evacuation routes for fire and other emergencies as well as procedures for lock-down, earthquake, flood and other potential emergency situations. Security features include fencing, schoolwide video surveillance system, and additional staff was provided for yard-duty and security. Signs are posted requiring all visitors to report to the office and no one is allowed on campus without a visible visitor's pass. A magnetic gate with video was installed for walk-in, and an automatic main gates has been installed with camera and intercom for automobile entrance. Visitors must be "buzzed" in if they wish to enter campus during school hours, and unauthorized persons or vehicles are not permitted on campus. Major additions to the safety plan were made due to the COVID-19 pandemic which included access to campus, extreme cleaning and sanitation measures, masking, social distancing virtual, and distance learning. Cleaning and sanitization measures remain with the ability to quickly initiate pandemic level protocols if the need arises.

Fiscal Year 2024-25 Types of Services Funded

YCCS has a fully staffed Student Success Team. The team consists of a school counselor, special education teachers, a special education coordinator, and paraprofessional. The Special Education program is fully funded to support the needs of all IEP students and to ensure compliance with all accommodations as directed by the IEP. Two teachers and a coordinator provide direct instruction of English Language Development for all second language students who have not met the requirements to be reclassified. Intervention classes are in place and students who are struggling receive formal help to improve grades and performance on standardized tests. A Dean of Academics reviews student data and works with staff to develop SMART goals for struggling students and support intervention strategies in the classroom. SBAC and NWEA tests are administered three times per year to monitor student progress and to drive instruction and intervention practices. All students are monitored regularly by the Student Success Team and the Vice Principal to ensure that any student who is falling behind or struggling receives counseling and extra help to be successful.

Professional Development

Professional Development is offered for Social Emotional support. All staff, including board members, attend Capturing Kids' Hearts training. The full staff received CKH training in the 2025-26 school year. Curriculum training is offered to all staff. CTE staff attend trainings related to their industry pathways. Staff is trained in Safety protocols and schoolwide procedures. Teachers are trained in "Best Teacher Practices". During the 2024-25 and 2025-26 school year, teachers received training in ELD by Theresa Hancock. In the 2025-26 school year elementary teachers received training in Dimensions math.
